## LEARN MORE ABOUT OUR EFFORTS

Our efforts to provide clean drinking water has taken us on various expeditions across the country. This was a 'Water For Pilgrims Drive' in October, 2018.

Pictures taken during our initiative to educate villages about women empowerment in May, 2017. This consisted of discussions about the role of women in families in rural areas.

These happy kids were a part of our sunday schooling in Pune, undertaken by us in collaboration with 'Teach For India'.

Our biggest initiative which was met with huge success, our Pride Parade. People of all nationalities, genders, religions, sexualities on the streets celebrating their rights.
